## FAIRFIELD SHOE COMPANY RENTS AUDITORIUM AT FAIRGROUNDS

The Fairfield Shoe Company has signed a lease with the South Mountain Fair Association giving the shoe firm the use of the large auditorium building on the fairgrounds for shoe manufacturing operations until the end of February.

Bruno Roedl, secretary-treasurer of the shoe company, in announcing the acquisition of the fair building which will be used in conjunction with operations now being handled at the Fairfield Community Hall, said his firm hopes to start operations in the new quarters in two weeks.

By the time the fairgrounds lease expires, the shoe company hopes to have new permanent quarters completed at Fairfield to replace the plant that burned with a \$750,000 loss on August 2.

**Jobs For 200 There**  
Cutting and stitching now is being done in the Fairfield shoe company building. The actual shoe making, finishing and shipping will be done at the fairgrounds.

Machinery already is being moved on the fairgrounds.

Mr. Roedl said his company hopes that all of the former employees of the company will return to work at Fairfield or Arendtsville and in a display advertisement in today's issue of The Gettysburg Times the shoe company invites all the men and women who registered with the company after the fire to report for work again. Transportation will be provided to Arendtsville, the ad announces.

It is expected that there will be jobs for 200 at the fairgrounds in addition to the 150 employed at Fairfield.

Company plans for rebuilding are moving ahead, Mr. Roedl said.

**"Glad To Help"**

He was specially appreciative for the help of E. D. Bushman, Arendtsville merchant and Burgess of the town, who is credited with making the original suggestion that the shoe company be offered the auditorium at the fairgrounds. Mr. Roedl expressed his appreciation also to Robert C. Loft, president of the fair association.

## PTA MAY STUDY PROCEDURE FOR SCHOOL MERGER

With the blessing of the administration of the Gettysburg Joint School District, the Gettysburg Parent Teacher Association may soon form a study group to go into the subject of a merger for the seven districts now involved in the local jointure.

The subject came up during the business session of the first fall meeting of the PTA in the high school auditorium Thursday evening when Mrs. John Crow, a Cumberland Twp. patron, took the floor to suggest that the PTA take steps "to remedy and accelerate a program for the advancement and improvement of Gettysburg joint district schools and offer help in anticipation of new buildings."

A teacher wondered if such a PTA committee might antagonize the school board and PTA Vice President William C. Darrah rose to point out the necessity for "slow progress" in school affairs here because of their complexity.

**Grade School Plans Advance**

The discussion finally was brought to a close by Mrs. Charles A. Smith, PTA president, who directed Mrs. Crow to consult with Mrs. A. W. Butterfield, PTA program chairman, on the possibility of forming a study group on the subject of mergers. "Study groups are a vital part of the PTA program," Mrs. Smith added.

During the discussion Dr. Lloyd C. Keefeauver told the group of about 175 that plans for the new grade school building here are progressing and may be ready for advertisement for bids in about a month.

Mrs. Smith suggested that the PTA might be of help to the school directors in making a study of the merger proposal and Dr. Keefeauver said the PTA can lend support to the move for a merged district which he described as the next step for this district which is now in an "interim state" between independent school districts and a merger.

**Single Is Speaker**

Mrs. C. W. Epley Jr. asked that someone explain the steps necessary to attain a merger. Mrs. Crow offered to describe the entire procedure but at this stage Mrs. Smith intervened to channel the subject into the hands of the Program Committee and point out that the subject is listed for discussion at the meeting of the PTA next May.

The question of the amount of supervision needed and given school pupils at recesses and between classes was discussed.

## 2-Hour Parking If You're Lucky

If you're real lucky you can park for two hours on Lincoln Square.

Two two-hour meters are located on the square—by accident—and those wishing to take advantage of them will have to park fast because they are going to be removed as soon as new meter heads arrive from the factory.

Borough Officer Charles W. Culp Jr., who has charge of the meters, explained that two new meter heads were ordered from the company making the meters, with the two new meters to be used when the original ones need repairs. When the new heads arrived they were for two-hour parking. Culp explained that he couldn't fix them to run for one hour only, and that the factory representative was equally helpless in attempting to solve the problem.

As a result it was decided to use the two-hour meters as replacements until new one-hour heads arrive.

In the meantime the two two-hour meters have been moving around the square from post to post as needed.

## Mother Of North Korean Jet Pilot, Who Flew Reds, Appears

By BILL SHINN  
SEOUL (AP) — The mother of a North Korean pilot who fled communism in a Russian-built MIG jet last Monday will be united with her son in a few days.

The mother, a 43-year-old woman who was born in North Korea, made a surprise appearance at South Korean army headquarters in Taegu.

The defense ministry identified her as Chung Wol, mother of the \$100,000 prize winner, Lt. Noh Keum Suk.

She asked today to see her son, whose whereabouts has been a closely guarded secret since he made his only public appearance at a press conference in Seoul Tuesday.

R.O.K. army authorities contacted American military officials and arrangements were made for a reunion in a few days.

## CLAIMS GOP WIN IN FALL WOULD MEAN SALES TAX

If Pennsylvania votes Republican in the November election, the Washington administration is almost certain to attempt a national sales tax, Judge W. C. Sheely told members of the York County Democratic party's executive committee Thursday night.

Speaking at a campaign kickoff dinner at Hotel Yorktowne, the Democratic candidate for Superior Court said a GOP victory would show that Pennsylvanians are satisfied with the state sales tax that "is a penny now, but may be a nickel soon."

History shows that every state which has enacted a sales tax has never done away with it, but has eventually increased it from its original one per cent to two or three, the judge declared.

which the pair were charged, and asked them how they pleaded. Mrs. Cole said immediately: "Guilty."

"I'm Guilty, Too"

Pretty Mrs. Darnell hesitated a moment or two and then answered: "Then I'm guilty too."

Both signed pleas of guilty prepared for them by the justice and were returned to jail in default of bail. They will still in jail this morning, although their husbands were said by officials to be seeking to raise bail for their appearance at court in November for sentence.

According to Mrs. Cole's story as of Wednesday, Mrs. Darnell took Mr. Laughman's pocketbook from him and tossed it to Mrs. Cole while they were riding in Mrs. Cole's car. The two women had met Laughman at Hanover and were taking him to his home when the incident happened. Mrs. Cole said they divided \$174 in the pocketbook between them after leaving Laughman at Abbotstown.

fore school got another discussion going but Mrs. Smith, with the business session already running over its scheduled time, referred the matter to the executive board and teachers for examination.

Guest speaker for the evening was Oscar Lingie, Harrisburg area PTA president and school board president who is also state PTA chairman of Character and Spiritual Education. His subject was "The Effectiveness of a Vitalized PTA Program in Home, School and Community."

### Car Operate "Lobby"

He explained how an effective PTA program will teach parents to understand the problems of the teacher and the school authorities, will foster closer understanding between school and home and in the community will be alert to health and traffic conditions affecting the schools. He pointed out the effective lobbying influence in Harrisburg of a well-organized group of a half million parents and teachers.

Mr. Lingie was introduced by Mrs. Butterfield. While the talk and business session were going forward in the auditorium, Jack Corbin was showing motion pictures to children who accompanied their parents to the meeting. A social hour followed.

The opening ceremony was handled by Boy Scouts Fred Smith, Philip Scott, William Swisher, William Woods and Robert Bondurant who led in the pledge of allegiance and then showed colored slides of their trip to the Boy Scout jamboree this summer.

Order 12 Raincoats

PTA officers and committee chairmen were introduced by Mrs. Smith.

On recommendation of the Executive Board, the PTA voted to buy 12 new yellow raincoats and hats for the safety patrol at Lincoln school at a cost of about \$50. Mrs. D. A. Paddock of the Project committee said the new coats will replace "a few old, tattered, black coats."

The association adopted an \$883 budget that calls for \$300 to be raised through special projects and \$575 to be spent for a "project" not yet selected.

To Hold Rummage Sale

Mrs. Butterfield called attention to the programs set up for the meetings this year and Mrs. Samuel Swope Jr., co-chairman of membership, announced plans for a membership drive in connection with the school "open house" planned for October 29.

## TEMPLE SHUNS BIG BRASS FOR GRID SCHEDULE

PHILADELPHIA (AP) — Temple University has confirmed what its followers have suspected for several years: Its football teams will seek rivals from nearby areas of similar size and aims.

The Owls, who in their heyday under famed Pop Warner played in the first Sugar Bowl game (1935), actually have been going the way of de-emphasis for some time. But yesterday the university issued an official statement of grid policy, defined as a "back-to-reality" movement.

Point 3 of the declaration states: "That every effort be made to arrange schedules with colleges whose aims and practices are similar to our own."

The chairman of Temple's Athletic Council, Dr. Arthur N. Cook, commented:

**Stay In Its Class**  
"Our aim is to get back more and more in our own class and to

school today for students of St. Joseph's High School or St. Euphemia's grade school.

Michael A. Topper, Grade 8, of St. Euphemia's, won the first place, a prize of \$10, in the elementary division of the Maryland State Safety Poster Contest, sponsored by the Automobile Club of Maryland. The posters were judged in the final elimination before the television cameras of TV Station WAAM at 8 p.m. on Sunday. Nearly 300 posters from schools in all sections of Maryland were entered in the contest. In the pre-program judging all but five posters were eliminated. Michael's winning poster also achieved honorable mention in the national contest, sponsored by the AAA in the early spring of this year.

eliminate long, costly trips. We're merely facing reality."

He pointed to "the hard, financial facts" to explain the official policy. As Athletic Director Josh Cody explained:

"It's not a case of de-emphasizing football. Rather it's a case of football de-emphasizing itself as a result of the lack of interest on the part of the student body, alumni and general public in recent years."

Temple opened its 1953 season at home last Friday night, defeating Albright College of Reading, Pa., 34-0, before 7,500 fans. Saturday night the Owls play at Syracuse University, followed by Bowling Green, Bucknell, Yale, Fordham and Boston University.

## CLAIMS COUNTY HEALTH UNIT IS UNNECESSARY

PITTSBURGH (AP)—Pennsylvania doesn't need county health departments, a former state health official says.

Dr. J. C. Moore Campbell, ousted last week as deputy health secretary, charged Wednesday the proposed county health unit program is unnecessary and too costly.

Campbell, in Pittsburgh for the Pennsylvania Medical Society's 103rd annual session, said county units are not needed because "every county enjoys public health protection through a staff employed at the expense of the State Health Department." He added: "We now have all the other program can give and have had it for 50 years. The old machine might need a little patching but it can be repaired."

**Will Continue Program**  
The 61-year-old physician's attack drew this comment from Dr. Russell E. Teague, state health secretary:

"I won't pursue the issue any further. County health units will go ahead and be formed regardless of spotty opposition from a very slight minority."

Teague added there is no question Campbell was fired because he opposed the program. The health secretary said Gov. John S.

Fine, the State Legislature, the State Medical Society and other leading health agencies favor the proposal.

### Stands On Record

Dr. Pascal Lucchesi, chairman of the State Medical Society's Committee on Preventative Medicine and Public Health, declared:

"If Pennsylvania is to meet the accepted standards for public health, then the county health unit is necessary."

Dr. Daniel H. Bee of Indiana, spokesman for the medical society's board of trustees, said:

"The society feels the record of the Health Department needs no apology. The concept of the county health unit is a step forward."

Meanwhile, Dr. Brian B. Blades, prominent Washington, D. C. surgeon, told the society lung cancer is the "most common deep cancer in males." He said men, particularly those over 40, are the most likely victims of lung cancer. Frequent X-rays "offer the only reliable method for early detection of the disease," Dr. Blades said.

About 2,500 doctors representing some 11,000 physicians in the state are attending the convention. It ends today.

### CONDUCTOR KILLED

WILKES-BARRE, Pa. (AP) — A Delaware and Hudson Railroad conductor was killed today when he stepped into the path of a locomotive in Hudson yards, Plains Township. Deputy Coroner Robert F. Kopicki reported.

The victim was identified as Raymond Helwig of Oneonta, N. Y.

## Today's Talk

By GEORGE MATTHEW ADAMS  
MUSICThe Greater must have placed  
great importance on music, else  
He would not have distributed it  
in so many directions, and in such  
a multitude of forms. The baby's  
rattle opens up a new world to  
it. From then on the ear is ever  
alert for sound that is pleasant  
and inspiring.Music is far from being con-  
fined to instruments, and to bands,  
orchestras, and such organizations.  
Music is everywhere—in the  
throats of birds, in the wind, the  
rain, in the hum of the printing  
press, and other devices. It is in  
the wash of the sea and in the  
splatter of waves that meet the  
rocky shores of lakes and streams.  
Music, natural music.The distant echo of the cow-bell,  
to me, is one of the most nostalgic  
of all musical sounds. It travels.  
It lingers. At my summer retreat  
I have one of these bells that was  
hand-made. I often ring it to bring  
back many a memory of happy,  
youthful days.There is an ethereal spirit to  
soft music, like the notes from a  
flute, or violin, and there is drama  
to the outbursts of power from a  
great pipe organ. But wherever  
music comes forth there is some-  
thing that touches the most sensi-  
tive of our emotions. There are  
people who have musical voices,  
and I once read of a great man  
who was so kindly that a friend  
remarked that there was music in  
his footsteps!One of the earliest of musical  
instruments in our day was the  
whistle that we made from willow  
cuttings. Then later our pennies  
went to purchase one from the  
store. It was one of these that  
Benjamin Franklin must have  
bought and which he referred to  
as having cost too much.All bells have a tone that is all  
their own. The church bell, the  
carillon bells that toll out a  
familiar strain, the school bell and  
—so often the most welcome of  
all—the dinner bell! This would be  
a dull world without its music. And  
that one is a dull person who has  
neither love nor appreciation for  
it.Tomorrow Mr. Adams will talk  
on the subject: "Born To Live."

## FAVORS

My boy, I beg, take my advice.  
For many a favor there's a price.  
Beware of tickets for a show  
Lest more than what they cost  
you'll owe.When salesmen ask you out to  
dine  
That is a meal you should  
decline,  
Because for what they hope to  
reap  
The dinner check is very cheap.Beware of gifts, for they are  
snares.  
Accept no rugs or parlor chairs  
Or to your sorrow you may learn  
Much costlier gifts you must  
return.My boy, grant favors when you  
can,  
But ask for none from any man  
And nothing take, be what it  
may,  
For which your trust you must  
betray.

ON RUSSIANS TO  
NEGOTIATION OF

UNITED NATIONS, N. Y. (AP)—Britain has welcomed apparent  
moderation of Russian policy since  
Stalin's death and called on the  
Soviet Union to agree to step-by-  
step negotiation of East-West quar-  
rels.Agreement on individual issues  
such as Germany and Korea, Min-  
ister of State Selwyn Lloyd told  
the U. N. General Assembly, would  
"maintain some momentum be-  
hind the improvement."Negotiations with the Soviet Union  
on one issue at a time have been  
the policy favored by the United  
States. Lloyd Thursday paid tribute  
to Secretary of State John Foster  
Dulles for his "temperance and  
statesmanlike" exposition of those  
views in a speech here last week.Side By Side  
Prime Minister Churchill called  
last May for a top level confer-  
ence of leading world powers, pre-  
sumably including Soviet Premier  
Georgi Malenkov, to ease world  
tension. The United States opposed  
this, and the new British statement  
appeared to put the two Western  
Allies side by side in the policy  
to be followed in dealing with Mos-  
cow.Netherlands Foreign Minister J.  
M. A. H. Luns also called on Rus-  
sia to negotiate directly on Korea,  
Germany and Austria and said  
such parleys could achieve more  
important results than the current  
debates in the assembly.Lloyd said "we believe it to be  
a mistake to assume that nothing  
can be settled with Soviet Russia  
unless and until everything is set-  
tled. A settlement of two or three  
of our difficulties would be an im-  
portant gain to every peace loving  
country," he added.Urges Acceptance  
"One matter on which we are  
very ready to try to make progress  
is Germany."To this end, he urged the Krem-  
lin to accept the invitation extend-  
ed by the United States, Britain  
and France for a foreign minis-  
ters' conference on Germany at  
Lugano, Switzerland, Oct. 15. He  
insisted, however, that the confer-  
ence deal primarily with setting up  
free elections throughout East and  
West Germany—a view which the  
Soviet Union has previously re-  
jected.Traffic Signs In

pays any attention to traffic signs.  
The San Francisco police depart-  
ment, intensifying an anti-jaywalk-

pedestrian warning signs in famed  
Chinatown. In Chinese characters  
the signs warned "Don't cross the

the signs, then crossed the street  
anyway—just like their Occidental  
brothers are doing elsewhere in

## Bullets Open Grid Season Against Strong Delaware Team; Nine Vets To Start

Nine lettermen from last year will be in the opening lineup for the Gettysburg College Bullets when they open their football season Saturday afternoon at 2 o'clock against the University of Delaware in the new school stadium at Newark, Del.

In announcing his probable starting lineup today, Coach Johnny Yovicsin revealed that only two will be newcomers. They are Frank Gagliardi, 175-pound sophomore quarterback from Long Branch, N. J., who pilot the team, and Sheldon Yings, a 6-2, 205-pound center from Hummelstown, who transferred here from Dartmouth. Both have shown great possibilities in pre-season workouts.

Veterans listed for starting roles include: Ends, Walt Hemberger and Ron Jacob; tackles, Jim Rooney and Ken Bowman, the latter having been moved from an end position; guards, Ronnie Miller and Bill Weitzel; left half, Joe Ujohai; right half, Earl Yost, and fullback, Bob Epplenman.

First line reservists will include the following: Ends, Tom Kostelac, a letterman, Fred Alleva and Dick Lewandowski, sophomores; tackles, Al Saner and Jay Williams, lettermen; Frank Eckert, sophomore, and Hart Beaver, junior; guards, Carl Beck and Ed Williams, lettermen, and Barry Attig, sophomore; centers, Curt Coull, sophomore; Bud Lowe and Bob Hoffman, juniors; backs, Jim Megee, Bill Yocum and Dave Katz, all lettermen; Ernie Paliszewski, Ed Brown, Ken Polak, Bill Morro, Jim Soltesz and Bert Avis, all soph.

Players and coaches alike are fully cognizant of the big task that confronts them in their opener.

### Blue Hen Aces

Delaware has been touted its squad as one of the finest in Blue Hen history. Foremost in the lineup will be Captain John Borresen, 190-pound tackle who will handle the punting, and Don Miller, 178-pound junior quarterback, who rates high as a passer and field general. There are 12 lettermen on the squad.

Refusing to make a prediction on the game, Coach Yovicsin said, "I believe we will give a good account of ourselves. The squad is in fine physical and mental condition. Only Sam Mowery, center, who suffered a dislocated wrist, will be unavailable. We rank the Delaware game as perhaps the most difficult on our schedule."

There is little doubt that Delaware will be gunning for the Bullets as they unveil their new 7,000-seat stadium for the first time. Last year the Hens held a 13-0 lead at half time only to lose out 14-13 when the Bullets staged a spectacular second-half rally.

### Series All Even

Saturday's contest will mark the ninth in the series between the schools which stands all even at four victories apiece.

Bullet triumphs were registered as follows: 1909, 23-0; 1911, 5-0; 1912, 27-0, and 1952, 14-13. Delaware won in 1942, 13-0; 1946, 27-6; 1947, 26-0, and 1948, 33-27.

Coaches Yovicsin and Jack Shalin-line will leave with their squad of 39 players Saturday at 8 a.m. Lunch will be served in Lancaster after which the squad will continue to Newark.

For the only time this season the college band will not make the trip. The band has not yet had sufficient practice or preparation for an appearance.

Local fans who will be unable to accompany the team will have the opportunity of hearing a broadcast of the game over WGET.

## TITLE CONTEST AT TANEYTOWN

Only two baseball games are on tap for Sunday afternoon, one of which will decide a league playoff title.

The championship game will be staged at Taneytown where Greenmount will play. Each team has topped a decision in the best-of-three series for the honor in the South Penn League.

Taneytown won the opener two weeks ago 2-0 and Greenmount evened the series last Sunday with a 9-1 triumph. A huge crowd is expected to attend.

Union Bridge and New Oxford will meet at New Oxford in the second game of their semi-final series for the Pen-Mar League title. Union Bridge, unbeaten regular season champs, won 11-1 last week and needs another win to gain the final series.

Emmitsburg will rest Sunday. The Marylanders took two straight from Blue Ridge Summit in another semi-final series to qualify for the championship playoff.

**LEHIGH PLAYS COLUMBIA**  
BETHLEHEM, Pa. — Lehigh University opens its 70th grid season in New York tomorrow against Columbia without the services of two of its ends.

## Stengel Sees Seven Game World Series

By FRANK ECK  
AP Sports Editor

YANKEE STADIUM, N. Y. — "If teams can win a pennant so easily—like Brooklyn did in the National League and our own club did in the American League—it should be a seven-game World Series."

It was Manager Casey Stengel of the defending world champion Yankees talking in an exclusive interview.

He looked for a weak spot in the Dodgers. He found none, although he does question their pitching.

"These are two good ball teams," Casey was saying. "They have been strengthened, possibly at second base."

"They have older pitchers to use, and pitchers who have had World Series experience which they didn't have last year—and they carried us to seven games then."

First To Win Five  
Casey, only manager in baseball history to lead a team to five straight pennants, then went over the entire Brooklyn lineup.

"Take Snider in center field," said Casey. "In his first World Series in 1949 he was a flop. (In 21 trips to the plate that year he made three hits, struck out eight times and hit into a double play.) Then last year he lived up to his potential and hit four home runs. Now he's a big star."

"They have a catcher (Roy Campanella). He stands out like Berra. They are the best catchers in baseball. Both have big bats. They say he (Cam) is fat. Then they get fat catching."

"First base. My man Collins is pretty good. He can hit home runs. Mike is a pinch hitter. He can go into a Series and play a good, cool game, the kind you need in a Series. And he hits a nice long ball. And it goes fast. (Mike homered three times last year.)"

"Second base. In double plays I don't see how that team (Reese and Gilliam) can make double plays any better than Martin and Rizzuto. Nofie in our league could. Their second baseman must be all right. He chased the other guy (Robinson) to left field."

Below Par Last Year  
"Third base. McDougald can play a better Series than he has shown. Last year he was below par. He hurt himself in Philadelphia on a third base play and it probably hampered him in the Series. This year he has been real good. I know they have Cox and better reserves (Bobby Morgan and Jack Robinson)."

"I can't explain their pitching. He (Manager Charley Dressen) has done a pretty good job with it. They (Dodger hitters) make five and six runs an inning and you don't take that pitcher out. I know they can hit."

"Reese and Rizzuto have been playing for years. They know how to play shortstop. They know how to run bases."

"It's hard to tear Robinson down. They say he's not fast. But he has a big bat."

Mantle Has Bad Knee  
"In the outfield, Snider is an improved player. I got a very good center fielder (Mickey Mantle) but his knee can get him in trouble. If it does Noren can play."

"I've got a good man in right field (Hank Bauer) and in left (Gene Woodling) I'm set. You say they may run on Woodling's arm? Maybe we'll run on Robinson."

"At first base their man has been a disappointment in the World Series (Gil Hodges failed to hit in 21 trips last fall). But this year he has been amazing."

"The size of the parks might mean something. Their park is easier in which to hit home runs. Martin hit a homer into left field there last year."

"They say we can't hit. Well, the only World Series when we didn't hit was in 1950. And we won four straight from Philadelphia."

## Charlie Dressen Is Almost Silent

By FRANK ECK  
AP Sports Editor

YANKEE STADIUM, N. Y. — It was like pulling teeth—molar size—to get Manager Charley Dressen to make a pre-World Series statement. He was more interested in seeing how many fast balls and screwballs dippy-doodle southpaw Eddie Lopat threw each inning.

His Dodgers were screwball hitters in last year's World Series. In the last game they "knocked out" Lopat on a single and two bunts.

We had to goad Dressen into talking by telling him how chatty Yankee Manager Casey Stengel had been in an exclusive interview and that Ol' Case was predicting a seven-game Series.

"I don't care if the Series goes 20 games—as long as we win four," Dressen replied.

That's the spirit, Chuck. Go on. What about their outfield?

"It's the same," replied Chuck in the manner of a fight manager tossing in a soaking wet towel.

"Casey says your smaller park helped bring all those home runs."

"Well, we hit just as many home runs on the road as we did in Brooklyn."

(At flag-clinching time the Dodgers had hit 106 in Ebbets Field and 90 on the road.)

Warming a little to his work, Dressen reluctantly conceded:

"Rizzuto might be a real good shortstop in the World Series. Casey has given him as much rest as possible all season. He has always been a great competitor. Reese has been having a real good year. Both are real good base runners."

"If Gil Hodges hits like he did from July on that'll help us. Their first baseman, Collins, hit pretty good, too. They tell me he's underrated."

"At third base, nobody around today fields like Cox, especially in big games."

"At second base I got a man (Junior Gilliam) who took Robinson's place."

"Left field? Why, Robinson has been more than adequate. He's made some nice plays down the left field foul line. Why, he's had nine assists since he's been there (69 games)."

"Duke Snider has had a better season than last year. I can't say anything about Mantle. I haven't seen him. When I last saw him, Mantle was all right, too."

"Furillo is having his best year. Bauer is a good outfielder."

"In Campanella we have the most valuable player in our league. I don't know about their man (Berra)."

We were going to pick the Dodgers to win the Series in five games but now we'll make it four. Yankee pitchers, as good as they are, will find it tough to check Hodges, Robinson and Campanella two years in a row. And Chuck is so secretive about everything he must have something more than his elbow up his sleeve."

Oh! Yes. There was one thing he disliked about the Yankees. He didn't like the seats they gave him. They put him behind a railing.

Better than an 8-ball, Chuck.

## National League Batting Title Will Be Decided In Final Three Games; 3 Threatening Furillo

By BEN PHLEGAR  
AP Sports Writer

The final three games may determine a surprise National League batting champion while the potential winner sits in the dugout nursing an aching hand.

The laurels probably will go to Carl Furillo, the Brooklyn Dodgers' right fielder. Furillo hasn't played since he broke the little finger of his left hand in a free-for-all at the Polo Grounds Sept. 6. He ended his season with 165 hits in 479 times at bat, an average of .345.

But three other men still have a fighting chance. As Furillo waits on the Brooklyn bench in Philadelphia this weekend he will be in the position of a golfer who has finished a tournament with what looks like the winning score but knowing there are players still on the course who could beat him.

Three Within Reach  
The three possibilities, in the order of their chances, are Red Schoendienst, the switch-hitting second baseman of the St. Louis Cardinals; Duke Snider, Furillo's center field teammate, and Stan (The Man) Musial of the Cardinals, the defending champion and six-time batting king.

Here's what they would have to do to catch Furillo, figuring that each will get 12 more times at bat—a good standard figure of four times up in each of the three last games:

Schoendienst needs seven hits. This would give him an average of .3458. Six hits would leave him .0004 short of Furillo.

Toughest For Musial  
Snider needs nine hits. His average then would be .34576. Eight hits would leave him, too, short by .00040.

Musial, of course, faces the toughest job of all. He needs 10 hits in 12 times up to finish with .346.

Schoendienst and Musial will be playing their three games against the Cubs in Chicago. Snider will see action at Philadelphia.

Early Slump Hurt  
The last time it took four decimal places to determine a batting champion was in 1949 when George Kell, then with Detroit, edged Ted Williams of Boston by a fraction of a point in the American League.

Of the three men Snider has gained the most ground in the last month. He has gotten 44 hits in 92 times at bat since Aug. 25, raising his average from .313 to .337.

Musial was in a terrific slump during the spring and didn't start to make real progress until after the All-Star game. Like Snider,

## Rocky Marciano Gains Stature In Technical Kayo Over Plucky Challenger; Stop Fight In 11th

By GAYLE TALBOT

NEW YORK (AP) — Roland LaStarza had the heart but Rocky Marciano had the guns, and so the human block of granite from Brockton, Mass., still holds the heavyweight championship of the world today.

Few fighters in the annals of the cruel sport have taken a more brutal beating than the ex-collegian from the Bronx absorbed last night before Referee Ruby Goldstein stepped in midway of the 11th round at the Polo Grounds and cried enough. Outclassed and almost defenseless for the final four rounds, LaStarza had done all that could have been asked of him.

Today, just a year and two days since he pulverized Jersey Joe Walcott at Philadelphia to win the title, Marciano stands a colossus athwart the game. With LaStarza's star set, probably for good as a serious contender, the Rock has no rival of real stature. He must be accepted as one of the great champions.

Close For Six Rounds  
He proved last night before an awestruck crowd of 44,562 that there is nothing to hold him off once he starts moving forward and throwing those oaken arms of his. LaStarza tried. He fought back as long as it was physically possible and he tried every stratagem he knew. He made it close for six rounds. Then the roof began caving in on him.

Early in the 11th and fatal round, Rocky rushed his bleeding rival against the ropes and with a lethal succession of left-right-left swings to the jaw slammed LaStarza to the canvas for the first knockdown of the fight. LaStarza rose on his trembling legs well before the count of nine, but as Goldstein wiped his gloves clean and sent him forth again it was evident that the challenger had made his bid and failed.

Again the Rock barreled in, throwing both fists with all he had, apparently as fresh and relentless as he had been in the opening round. When it was evident that LaStarza could not defend against the furious attack, Goldstein leaped to save him. The beaten man stared dully, blood frothing on his lips, and made no dissent.

Better than an 8-ball, Chuck.

For nearly four full rounds before that the crowding, restless champion had been in full charge. He first had hurt LaStarza seriously in the seventh when he slugged him into the ropes and for the last two minutes pounded the hapless challenger all over the ring almost without a return.

Only LaStarza's fighting spirit enabled him to weather the punishment.

The eighth, ninth and tenth rounds followed much the same pattern.

First 6 Scored Even  
For all that LaStarza will go into the big book only as a game boy who thought he could lick Marciano and learned that the job was beyond him. But he gave the great crowd which paid \$435,817-98 a few thrills before he was tagged. He was as unfrightened as he had promised he would be. He fought and he never did run, even when he must have realized he had hit it.

On this score card they were dead level for the first six rounds—two for LaStarza, two for Marciano and two even. Referee Goldstein had it even, too, and the two judges gave the challenger an edge to that point, partly because Goldstein took the sixth round away from the champ for an obviously low blow, however unintentional.

Bubblers Meet Enola Saturday At 8.15 P.M.  
Alumni Homecoming will be observed at Boiling Springs Saturday evening when the Bubblers football team clashes with Enola's veteran outfit at 8:15 o'clock on the new Bubblers gridiron.

The Bubblers lost to Camp Hill 13-0 and to Hummelstown 7-6 in their previous contests which will make them doubly anxious for victory.

Enola has a line which averages 189 pounds and a backfield with a 165-pound average.

Eddie Dasher, 190-pound Bubblers fullback, is not expected to see action due to injuries received in the Camp Hill game.

## PLANE CRASH IS FATAL TO TWO

**LANSDALE, Pa.** — A light plane crashed early today at near by Line Lexington, killing two of the occupants and injuring a third. The plane was taking off on a short flight at 2:30 a. m. when it veered from the small landing strip on a farm, crashed into a tree and burst into flames. A heavy fog blanketed the area at the time.

The dead men were identified as Harvey Weir, 25, of Richboro, owner and pilot of the plane; and Harry Martin, 21, of Abington, a passenger. Another passenger, Robert E. Platt Jr., 20, of Somerton, was thrown from the plane, but suffered only burns of the face and legs. Brought to North Penn Hospital, he was reported in good condition.

An eyewitness to the accident said the three young men had returned a short time earlier from an auto trip to the Allentown Fair and intended to fly only 12 miles to a landing strip on the Weir farm.

# "TT" DYNAFLOW!

The 1953 Buick Super Riviera. Wire wheel covers, illustrated, optional at extra cost.

We'll get right to the point. The comments we've been getting from new Buick owners about the new Twin-Turbine Dynaflow are terrific. And the reason is—this fully automatic transmission is, in itself, terrific. It has a new, firm, solid "take-hold"—gives you instant getaway response. It has new quiet—you can barely hear the acceleration build-up. It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all. But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery. You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically. Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down. Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness? We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?

## BROTHERHOOD IN CHRIST

Philemon

Memory Verse: There is neither Jew nor Greek, there is neither slave nor free, there is neither male nor female; for you are all one in Christ Jesus. Galatians 3:28

Paul's letter to Philemon has elements of a fine drama. The "script" is beautiful in thought and language. The spirit is Paul at his best, not for argument but for persuasiveness. There are three characters: Paul, the itinerant preacher, at the moment a prisoner in Rome; Philemon, a well-to-do layman; Onesimus, a run-away slave.

This is the story. In his evangelistic work at Colossae, a city in southwestern Asia, Paul converted a Gentile family to the Christian faith. The house became a home for Paul when in the city. A warm relationship grew up between the Apostle and the members of the household. Onesimus, slave in this household, ran away and took money belonging to his master with him. Evidently he wanted his freedom and likely, when his money was spent, found his way to Paul. Probably a Prodigal Son episode.

Paul was given privileges while a prisoner and consequently kept continual open house for any one who came to see him. Onesimus came. He had met Paul in Philemon's house, and no doubt was impressed with his kindly spirit. For Paul this was an opportunity to win another recruit for his Lord. The slave became a Christian and therefore a brother to his master back in Colossae. What next? No doubt Paul and his convert had a serious discussion about the right course to pursue. Their relation had become intimate. "My child," Paul called Onesimus. The slave had become a joy and a helper.

## Decision Was Made

The conclusion reached was that Onesimus return to his master Philemon. According to Roman law it was a serious matter for a slave to desert his master, especially when the deserter took something that belonged to his owner. Ordinarily a slave would keep away from his master if

possible. But since Onesimus had become a Christian the situation had changed. A new Master had entered into the picture. Onesimus would return and face the consequences. Paul decided to write a letter to Philemon asking him to be tolerant with the returned slave. They all knew that the law permitted severe treatment of a runaway. Even crucifixion was allowed.

Paul recognized that slavery was a vicious institution. Why did he send Onesimus back? The Apostle decided that for one man to assail this common practice was futile. He concluded to depend on the new brotherhood that was established in Christ. Paul is certain that Onesimus has become a new man and writes to Philemon to "have him back forever, no longer as a slave but more than a slave, as a beloved brother." There is a tradition which says

that Philemon liberated Onesimus who later became a bishop in the church.

Slavery as it was practiced in Paul's day has vanished. But other social problems are with us and require attention. Race relations in many respects have become better, but there is still much need for improvement. Unfavorable economic conditions in many areas deny to million a bare existence. Hunger and want of shelter are the condition of too many in a world well stocked with what man requires. Human rights are violated. Tension among the nations is increasing. We live in a sick world and there is need for a physician who can diagnose and heal. There is such a One. Paul called on Him in the case of Philemon and Onesimus.

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## MOTHER CAN'T BELIEVE SON REJECTS OFFER TO COME HOME

ASHLAND, Pa. (AP)—The mother of an American GI, reported by a Communist newsman in Korea to have refused to return to the U.S., said today "I don't think it's true."

The soldier is Cpl. Albert C. Belhomme, 26, whose mother, Mrs. Marcella Seifert lives at 1507 Walnut St. here. He was born in Belgium and came to the U. S. in 1946 with his mother and step-father. His mother was a war bride, having married Theodore Seifert in Belgium during World War II shortly after the death of her first husband.

Mrs. Seifert said her son had been unable to obtain employment after coming to America and enlisted in the Army in 1949. He was reported missing in action in Korea on Nov. 25, 1950.

### Tells Of Letters

"I find it hard to believe that Albert has decided not to return home because in all his letters he indicated he was anxious to go out with Mom and Dad again for some good times," Mrs. Seifert told The Associated Press.

She said the letters she received were forwarded to U. S. Army channels by what was labeled the "Chinese Peace Committee." The last letter, received on Sept. 3, was written May 4 and bore the

postmark, Canton, China. "Even in that letter," she said, "he didn't indicate he wanted to stay there. He said he was anxious that the truce would be signed so that he could get back home again."

### In AP List

"I am very anxious to write to him and appeal to him to change his mind and return to America." The AP dispatch from Tokyo said the names of 23 Americans was given out by Communist Correspondent Wilfred Burchett. It said Belhomme was among those Americans who had refused repatriation and were turned over to Indian custody in Korea. It gave his name as Belhomine.

The official list of missing prisoners released in Washington early this month had given Belhomme's rank as "sergeant."

### Filed Citizenship

Mrs. Seifert said her son filed papers to become a U. S. citizen two months after he came to America, but he had not received final citizenship at the time he enlisted in the Army. His mother is a U. S. citizen.

Mrs. Seifert, in noting the many letters her son had written while a Communist prisoner-of-war, said he wrote in one that "Americans should not feel too badly toward the Pros (the progressives) because these boys had been under some awful conditions in the enemy prison camps."

This was the only mention, she said, about prisoners who may have swallowed the Communist propaganda.

Besieging Austrians staged the first aerial raid in history when they sent bombs slung to hot air balloons over Venice in 1849.

## SAYS REDS CAN DESTROY US IF THEY HIT FIRST

WENTWORTH, N. H. (AP)—Gordon Dean, retired chairman of the Atomic Energy Commission, said Thursday that within a year of two Russia will have the capability "to virtually destroy us if she moves first."

Declaring time is "running out" Dean asked: "Can we as a nation and can the now free world permit the Soviet to reach this position of power?"

He asserted that all the accomplishments of our atomic energy program will avail us nothing unless world opinion can be rallied speedily "to stop the Russian bear in his aggressive march around the world."

### Face Big Problem

Dean said the very great problem of 1953-1954 is this:

"Can we as a nation and can the nations of the now free world permit the Soviet to reach the position where if it chooses it can completely annihilate this country?" And he added:

"Time and the unwillingness of the free world to stop the clock combine to give her this power." Dean said in an address prepared for delivery at the annual meeting of the National Assn. of Cotton Manufacturers and the Northern Textile Assn. that if war comes "new, strange and highly destructive weapons or new improvements of old destructive weapons will most certainly be used."

He declared that if this country is called upon to resist "another Russian aggression such as the one in Korea it simply cannot resist with tanks and artillery and the other orthodox weapons of war and thousands of American men."

"While most of the world is fast becoming aware that it cannot afford war," Dean continued, "all the world is aware that wars cannot be effectively fought by any

## Lodge Hopes To Upset U. N. Decision

NEW YORK (AP)—Henry Cabot Lodge says he hopes to upset the United Nations decision affecting 11 American employees of the U. N. Secretariat fired for refusing to answer questions about communism but who later were ordered reinstated or awarded cash indemnities.

Lodge, chief U. S. delegate to the United Nations, testified yesterday at an open hearing of the Senate internal security subcommittee headed by Sen. Jenner (R-Ind.).

Lodge said the reinstatement and awards order was made by a U. N. tribunal in Geneva, Switzerland, composed of "foreign lawyers" and having no American representative.

## LAUNCH RAID AGAINST REDS

HANOI, Indochina (AP)—French Union troops supported by planes and armored and naval units have launched a big mop-up action against the Communist-led Vietminh's "ambush capital" in the Red River delta, 30 miles south-east of Hanoi.

The French High Command announced that "several battalions," possibly 5,000 troops, were driving against several Vietminh units which for a long time have been troublesome to the French within the vital defense bastion of the delta.

They have principally operated around the town of Huong Yen, along the Red River where frequent enemy ambushes of French patrols has earned the sector the nickname "ambush capital."

country whose hands are tied behind its back and that aggressions cannot be crushed without the employment of the most crushing weapons."

"Russia has the capability today to hurt us badly and we are faced with the ugly fact that within two years she will have the capability to virtually destroy us if she moves first. Since we have consistently underestimated the Russians let's call it one year—not two," Dean said.

The U. S. Geological Survey now uses helicopters to map glacier-strewn Alaskan terrain that formerly took days to cover on foot.

## CLARK REJECTS RED ANSWER ON MISSING ALLIES

TOKYO (AP)—Gen. Mark Clark told the Communists that he considers "wholly unacceptable" Red answers to U. N. demands for an accounting of missing Allied soldiers believed to have been prisoners of war.

In a letter delivered at Panmunjom tonight, the U. N. commander demanded the "immediate return of those United Nations Command personnel remaining in your hands, and an honest accounting for all others who have been so clearly identified as having been in your custody."

The Allies demanded on Sept. 9 an accounting of 3,404 men, including 944 Americans, identified at some time as prisoners of the Reds. The total was revised upward to 3,421 Thursday.

The Reds replied that some of the men already have been repatriated, others were released at the front, some escaped and some died. But the Communists said most of

those on the list never were prisoners.

Clark declared in his letter to the Reds that the Allied list "did not constitute the names of personnel merely missing in action—it was comprised of those persons who spoke over your radio or were referred to in your broadcasts, were listed by you as captives, wrote letters from your prison camps or were seen in your prisons."

Clark told the Communists his demand includes all U. N. personnel, no matter where they may have been captured or where they are held in custody.

It was a clear reference to airmen the Reds say were captured in Manchuria and are being held prisoners outside of North Korea.

Unofficial Red sources have hinted that these airmen, including double ace Harold Fischer, Air Force captain from Iowa, are not considered prisoners of war and their release will have to be negotiated through diplomatic channels.

The National Geographic Society says that ashes flew so thick during the 1912 eruption of Mt. Katmai in Alaska that a lantern held at arm's length could not be seen.

## RITA'S MARRIED TO THE MAN SHE "REALLY LOVES"

LAS VEGAS, Nev. (AP)—Rita Hayworth and Dick Haymes are on the fourth honeymoon for each of them today following a brief flash-bulb wedding in a gambling resort hotel.

"I feel wonderfully happy," the red-haired bride said after the three-minute ceremony. "I am married to the man I really love. It sounds so wonderful to be called Mrs. Haymes."

The movie star and the crooner fly to New York Saturday and later to Philadelphia, where the bridegroom starts a night club engagement Monday night.

"Our careers, in fact nothing, will ever separate us," Rita declared. She said she'll travel with Haymes on his night club tour. They have rented a house in Greenwich, Conn. Miss Hayworth said she'll commutate between there and Hollywood for one picture a year.

The ceremony was performed by

Judge Frank MacNamee in the Gold Room of the Sands Hotel. Roulette games and slot machines continued whirling in the nearby casino.

Rita's two daughters, Rebecca, 8, by her marriage to actor Orson Welles, and Princess Yasmine, 3½, by e-husband Aly Khan, looked on from a divan.

### Immigration Troubles

In connection with his immigration difficulties, meantime, the honeymooning crooner could take cheer from a federal court decision yesterday in Miami, Fla.

In a similar case at Miami, Judge John W. Holland ruled in Federal District Court that the return of Harry O. Voiler, 62, former Miami Beach newspaper publisher, from Puerto Rico in 1951 "did not constitute an entry into the United States within the meaning of the 1917 Immigration Act."

Puerto Rico and Hawaii are insular possessions of the United States. Judge Holland held that "For a resident alien to make a reentry, he must go to a foreign port."

Average summer temperature in the Ensenada area in the northern part of Mexico's Lower California is 68; the average winter temperature 60.

## A 30-Year Dream Coming True!

He used to stand on the curb in front of his father's house—and watch the Cadillacs sweep majestically by—carrying fine ladies and gentlemen on happy excursions.

That's when the dream started in his heart—and refused to leave.

Six times, before today, he has signed his name to an application for a motor car title—and, on every occasion, he knew it was a compromise.

But not this time! He is taking the keys to a beautiful 1953 Cadillac—and his 30-year-old dream is coming true.

And what a fulfillment it will be, as he rolls out into the highway and takes the longest way home!

First of all, he'll get those quick glances of approval which tell him the dream he dreamed for so many years is still in the hearts of others.

And then the car's great performance will begin to unfold itself.

Silence—almost complete silence—just the soft sound of the wind slipping by . . . the quickest,

easiest response to the accelerator he has ever imagined . . . steadiness and roadability and handling ease that remove all but the merest effort from managing the car.

And, oh, what marvelous comfort! It's like sitting in the easiest chair conceivable—and moving smoothly and effortlessly through space.

And then, almost before he knows it, he'll be home—and in the driveway—with the family rushing out with the final voice of confirmation.

Man—this was worth waiting and working for!

And, of course, the years and the miles will add their proof as to the wisdom of his choice: dependability—long life—economy of upkeep and operation—and unusual resale value.

Yes, there is every practical reason for owning a Cadillac—as well as every personal one.

Better come in and see us today. It's probably easier than you think to make your dream of Cadillac ownership come true.

# FEAR OF H-BOMB ALTERS SIZE OF ARMED FORCES

WASHINGTON (AP) — Scientific predictions that the hydrogen bomb may soon explode into practical reality—a prospect that set off soul-searching in the Pentagon—steeped in significance today an unusual meeting of the National Security Council.

The new Joint Chiefs of Staff, who comprise America's high military command, already are over due with recommendations on the size and shape of the armed forces for the year starting next July 1.

This entirely "new look" it was learned today, was ordered by the White House and Defense Department primarily because nuclear experts warned that the H-bomb is well on its way to becoming frightfully real.

26 Are Called  
President Eisenhower summoned an unusually large number of his government aides and advisers to Thursday's meeting of the top level National Security Council.

Normally fewer than a dozen persons—Cabinet members and advisers from the armed forces and other agencies—attend the weekly meeting. But Thursday 26 names were listed in addition to that of the President who serves as council chairman.

Besides the full membership of the Joint Chiefs of Staff and the secretaries of the armed services, the White House called to the meeting six special consultants on continental defense, among them Lt. Gen. Harold W. Bull, retired, now attached to the Central Intelligence Agency (CIA).

Make No Announcement  
James C. Hagerty, White House press secretary, told reporters there was little chance of any announcement on results of the council session.

Hagerty was asked at a news conference, held while the council was in session, whether it was discussing "the whole atomic program." He declined comment.

In reply to another question, Hagerty said he knew of no plans for a series of speeches by the President and other government officials to give the people a fuller picture of problems involved in the nation's security. He did not deny, however, that a project of this kind had been discussed at white house staff meetings.

LONDON (AP) — First American casualties were reported today in the giant NATO sea exercise "Mariner" taking place in the North Atlantic.

A communiqué said one U. S. Navy man was missing and two others were injured after a jet fighter crashed and burned Tuesday on the deck of the American carrier Bennington, part of the attacking fleet.

## Omaha Police Plan 3 D-Color System

OMAHA (AP) — Omaha police, who have already begun using pictures for identification purposes, are now looking forward to adding a three-dimensional depth system as soon as funds are available.

Local officers think the 3-D system may be the first in the nation. The idea of both color and 3-D is to provide more lifelike pictures when projected on a screen, for identification purposes.

## OLD GRADS PLUG FOR MUNGER TO STAY AT PENN

By CHARLES A. WELSH

PHILADELPHIA (AP)—University of Pennsylvania alumni, present and past football players and even Penn's president were plugging today for George Munger to continue as head coach. But the veteran Penn mentor was standing fast on his decision to retire at the end of this season.

That seemed about the sum and substance of an unique pre-season testimonial dinner last night for Munger at which President Gaylord P. Harnwell of Penn disclosed for the first time that he has urged Munger to continue.

He had solid support from the 400 or more alumni attending the dinner; from Lou Little, the veteran Columbia coach who is a Penn

alumnus and from just about everybody in sight.

**No Losing Season**  
"If Munger leaves, it's because we can't persuade him to stay," Harnwell told reporters.

Come next Saturday, against Vanderbilt on Franklin Field, Munger will send his 16th Penn team into action. Over that span he never has had a losing season. In his record are eight Ivy League championships.

But Munger has said he plans to retire as football coach, to continue at Penn as head of the Department of Physical Education.

**Praise Heaped On**  
Last night's dinner, unusual in that it honored the coach before the season even began, had all the earmarks of a drive to persuade Munger that he should remain as Penn's coach. Praise for Munger as a coach, as a teacher of his undergraduate charges, as a builder of character rang through the program with the Penn football tutor blushing and mopping steadily at his brow.

Dr. Harnwell, appointed presi-

dent of the university only a few months ago, made his own views known indirectly in reading to the crowd a telegram from Little. Lou said in the wire that word has reached him that Harnwell has urged Munger to remain as football coach. And, Harnwell read further, Little personally will urge George "to accede to your desires." Little paid tribute to Munger as having done an excellent job "in discharge of his responsibilities to the university alumni, faculty and undergraduates."

But Munger, who said he was "tremendously flattered and honored" by the request, added that he would like "to continue with the

arrangement under which he will retire at the end of this season.
